ABOUT US

At DRC Systems LLC, we leverage cutting-edge Artificial Intelligence (AI) and Machine Learning (ML) technologies to help businesses extract actionable insights from their interconnected data. Our AI-driven solutions empower organizations to make faster, smarter, and more informed decisions in real time.

UNIVERSITY MANAGEMENT SYSTEMS

UNIVERSITY MANAGEMENT SYSTEM

University Management System, an ERP solution was developed as a complete digital solution for the university. The system helps in automating and managing several operations of the university. We created a digitized and centralized system that manages all the university operations effectively. The purpose of the university management system is to optimize and automate the overall functioning of the university.
